#### Reason for Project

To clear up a potential problem with development of the Tamera Gardens project.

#### Discussion (Including relationship to other Council actions)

16 October 1995 - Public Hearing

Tim Ochs, attorney for the petitioner, appeared before the Commission. Mr. Ochs stated that to understand the request a brief history of the project was necessary. In 1987 the petitioners vacated the portion of the plat that was to be redeveloped into Tamera Gardens. That vacation only extended to the lot lines and the street. The final plant for Tamera Gardens was approved in 1992. So far the project has not actually started construction. In final preparation for the start of construction it was discovered that certain internal utility easements had not been vacated. Some of the proposed buildings will be developed over, or will encroach into these easements. He stated that the only property owner abutting these easements is the petitioner, who owns all of the ground previously contained within Lot 7 through 17 in Tamera Place and that part of Home Gardens Addition that abuts the site. He stated that the petitioner is willing to grant easements as required by the engineering departments. He stated that they have also contacted the private utilities and they have "orally" indicated that they
